

ABDERRAHMANE MOUHTAL

Full Stack Web Developer

+212 680861935 mouhtal.abderrahmane@gmail.com
abderrahmanemouhtal amouhtal Khouribga, MA

EXPERIENCE

FULL STACK Web Developer Intern

DEVAKTUS January 2023 – July 2023

- Planned, developed, tested, maintained web applications using NestJS, Angular, MongoDB.
- Consistently applied best practices for writing clean, secure, readable, and scalable code.
- Developed app integration with REST API (binance api, keycloak api).

Desktop Application Developer Intern

OCF February 2019 – March 2019

Creating a desktop application with c# and SQL.

SCHOOL PROJECTS

Web Development

Transcendence: Ping Pong contest website

I developed APIs for authentication, authorization and user management using NestJS, PostgreSQL

Matcha: dating website (tinder)

I developed a real-time Chat, notifications using angular, expressjs, postgresql, socket.io

Algorithms and Oriented-object programming

Sevrls Projects using c/c++

- Developing HTTP server.
- Developing a bash clone, using multi-processes and threads management.
- Re-implementing some dynamic and associative arrays of C++ STL containers based on the generic programming paradigm
- Coding standard library functions, Managing dynamic memory allocation.

EDUCATION

Architect in Numerical Technologies

1337 coding school 2019 - ONGOING

- learned and use various programming languages, including C, C++, JS and others, Through diverse projects covering various topics.
- The curriculum includes a strong focus on algorithms and problem-solving skills
- Nurtures crucial soft skills like teamwork, communication, and adaptability through a dynamic peer-to-peer learning approach.

Specialized Technician Diploma In Software Development

Sept 2017 – June 2019 ISGI KHOURIBGA

- Developed seamless integration skills in professional environments.
- Mastered analysis concepts (UML) vital for web app development.
- developing fundamental applications for web, mobile, and desktop using various programming languages.

SKILLS

Angular NestJS/ExpressJs
Typescript Html/Css Tailwindcss
PostgreSQL MongoDB
GIT
C/C++

LANGUAGES

English Limited working proficiency
French Elementary proficiency
Arabic Native or bilingual proficiency
